

PRODUCT: Quick Freeze Dried Murta Berry
Product code: MUR-QFD-01
PRODUCT DESCRIPTION:

Murta Berry (*Ugni Molinae*) is a highly aromatic fruit, with unique fruity, floral notes and a singular flavor profile. This super-berry has the highest, known, source of Asiatic acid (key collagen promotor). It also presents a huge content of polyphenols and flavonoids such as Quercetin. Murta Berries grow on the Chilean Patagonia, one of the most pristine and untouched regions in the world.

Our QFD (Quick Freeze Dried) Murta berry is obtained from wild orchards, with full traceability starting at the harvesting process, then cleaning, sorting and freezing, until it's transported to our facilities. Then it is Quick Freeze Dried. A Proprietary process, that works at much lower pressure, temperature and shorter time than traditional Freeze Drying, thus ensuring the highest levels in the industry regarding nutrients, flavors and aromas retention.

This product is manufactured under controls established by Global Standard for Food Safety BRC, Issue 7, approved by SGS.

SPECIFICATIONS	RANGE	METHOD
Moisture	2% - 5%	Halogen Heating System
Water activity	0.05 - 0.35	AOAC 978.18D
Color	Light, homogeneous apricot light color.	Visual
Flavor	Strong Typical Murta berry aroma and flavor	Sensorial
Appearance	Loose Individual fruit pieces	Sensorial

MICROBIOLOGY

SPECIFICATIONS	TOLERANCE	METHOD
Yeast and Mould (CFU per g)	< 1,000	NCh 2734 Of 2002
E coli (MPN per g)	< 3	NCh 2636 Of 2001
Coliforms (MPN per g)	< 3	NCh 2635 Of 2002
Salmonella spp (per 25g)	Absence	NCh 2675 Of 2002
TPC (Total Plate Count CFU per g)	< 5,000	NCh 2659 Of 2002

Antioxidants information

Total Polyphenols mg/100g	3800 -5000
---------------------------	------------

INGREDIENTS

Murta berries.

PACKAGING

1 units enclosed in 3.5 kg sealed.

STORAGE RECOMMENDATIONS

Store in a cool and dry environment between 2°C and 18°C (35-64 °F).

Once open, maintain and carefully seal the package.

These specifications are subject to change

EXPECTED SHELF-LIFE

24 months, when properly stored
